This facility is first and foremost a hospital. We carefully monitor all pets left in our care. Our staff carefully observes and documents all food consumption and eliminations for each pet. Boarding can be stressful and occasionally a pet may stop eating, or eat less than they normally do. When this occurs, we incorporate a low residue, readily digestible can food into your pet’s diet to encourage them to eat. The cost of the food is up to \$3.00 **per can** depending on the species and size of your pet. \_\_\_\_\_ **<Initial here**

**I have read and understand this agreement. I fully intend to pick up my pet on the above specified date. If circumstances change, I will notify Fairfield Animal Hospital of a new pick up date/time.**
